# **Vivendi: strong growth in results in 2023**

- ➤ Revenues of €10.510 billion, up 9.5% due to the growth of Canal+ Group and Havas as well as the integration of Lagardère as of December 1, 2023
- ➤ EBITA of €934 million, up 7.5% and 11.7% at constant currency and perimeter, due in particular to the growth of Havas and Canal+ Group, as well as the integration of Lagardère as of December 1, 2023
- ➤ Earnings attributable to Vivendi SE shareowners of €405 million
- > Continuation of the study of the feasibility of the split project

**Yannick Bolloré**, Chairman of Vivendi's Supervisory Board, said: "2023 was a pivotal year for our Group.

We are delighted to have been able to complete the combination with Lagardère. This transaction has enabled us to become the world's third-largest publishing group, number one in France and number two in the UK, and a world leader in travel retail. On a full- year basis, this combination between Vivendi and Lagardère would represent a proforma revenues of  $\[ \in \]$ 18 billion in 2023 ( $\[ \in \]$ 16.5 billion in 2022). Our Group today has a workforce of nearly 73,000 people, out of which 36,000 at the Lagardère group.

I would like to thank all the teams who have contributed to the success of this complex transaction, and who have rapidly ensured a smooth collaboration between the two groups. I would also like to acknowledge the Lagardère Group's excellent results, published a week ago by Arnaud Lagardère and his teams.

The strategy of transformation and internationalization that we have been implementing for several years is behind the very solid results we are presenting today. This strategy has enabled our core businesses to become leaders in their sectors, more agile and ready to embark on a new phase of their development.

The study of the feasibility of a project to split the company into four listed entities, announced last December, is continuing. If it goes ahead, this project would create value for all the Group's stakeholders and would enable the creation of independent pure players with the necessary human resources and financial agility, capable of driving their own growth trajectory in an international context marked by numerous investment opportunities.

**Arnaud de Puyfontaine,** Chairman of Vivendi's Management Board, added: "Vivendi's 2023 results reflect the financial strength of its main businesses, as well as their ability to adapt and structurally transform to their

environment. The integration of Lagardère as of December 1, 2023, also had a very favorable impact on the growth of our company's revenues and EBITA.

Canal+ Group successfully pursued its international expansion, particularly in Asia, the Nordic countries and Africa. It added nearly 900,000 new subscribers over the year, both in France and abroad. At the same time, Canal+ continued to expand its content offering and entered into major partnerships, while Studiocanal enjoyed a record year in cinema.

Lagardère posted a significant increase in revenues in 2023, and its recurring EBIT was up sharply. The strong upturn in Travel Retail continued, while Publishing, in a generally lackluster environment, recorded good growth in its key markets.

Havas is one of the best-performing companies in its sector, with the dynamic growth of net revenues continuing in the fourth quarter of 2023, and a year-on-year improvement in the EBITA margin. The company pursued its strategy of targeted acquisitions, and forged important alliances in the technology field, notably in artificial intelligence.

I would also like to acknowledge the work carried out by Prisma Media, which today owns some thirty benchmark brands, and has built up a solid "interior decoration and luxury" division with the creation and acquisition of several flagship titles, while increasing its share of business in the booming digital arena.

The first few months of 2024 confirm the continued positive trends of the activities of our main businesses."

The Supervisory Board, at a meeting held today under the chairmanship of Yannick Bolloré, reviewed the consolidated financial statements for the fiscal year ended December 31,2023, which were approved by the Management Board on March 4, 2024.

The Management Board also provided the Supervisory Board with another update on the feasibility study for the proposed split of the company into several entities announced on December 13, 2023. Given the importance of this project and the profoundly transformative impact it would have on the Group, the Supervisory Board is closely monitoring the progress of the work. As previously stated, this project will have to demonstrate its added value for all stakeholders.

The Group is continuing its feasibility study. In any event, several important steps will have to be taken if the Supervisory Board gives the Management Board authority to go ahead with the project. These would include, among others, the consultation with the employee representative bodies of the entities concerned, before which no decision in principle could be taken, obtaining the necessary regulatory approvals, the approvals required from the Group's creditors and the consent of Vivendi's shareholders at a General Shareholders' Meeting. As indicated last December, the completion time for such a transaction would be 12 to 18 months.

The Group will inform the market of any significant developments regarding the project.

# Lagardère

On November 21, 2023, Vivendi finalized its transaction with the Lagardère group. This transaction gives Vivendi a whole new dimension, consolidating its positions as a major player in culture, media and entertainment, and becoming a world leader in publishing and travel retail.

This transaction took effect following the closing of the two sales Vivendi had committed to with the European Commission, i.e. the sale of 100% of Editis to International Media Invest (IMI) which occurred on November 14, 2023, and the sale of Gala magazine (owned by Prisma Media) to Groupe Figaro which was completed on November 21, 2023.

At constant currency and perimeter, Vivendi's revenues in the second half of 2023 grew by 2.2% compared to the second half of 2022, mainly due to the performance of Canal+ Group (+3.4%) and Havas (+4.4%).

This change also reflected the impact of the consolidation of Lagardère from December 1, 2023 (€20 million).

At constant currency and perimeter, EBITA increased by 11.7% compared to 2022. Excluding income from equity affiliates — operational, EBITA increased by 12.1% at constant currency and perimeter. This change was due to the performance of Havas (+8.0%), New Initiatives (+26.3%) and Vivendi Village.

## CSR performance

As part of its *Creation for the Future* CSR (Corporate Social Responsibility) program, Vivendi has set a common course for the entire Group. By 2023, the Group has stepped up its efforts to help build a more inclusive society and contribute to the fight against climate change.

Among the Group's most notable environmental advances, its greenhouse gas emissions reduction trajectory has been validated by the Science-Based Target (SBTi) initiative since March 2023. Vivendi reduced its greenhouse gas emissions on scopes 1 and 2 by 20% in 2023 compared to 2022, and 60% of the electricity consumed by the Group worldwide now comes from renewable sources (+23 points compared with 2022 and +39 points compared to 2021).

On the social front, Vivendi increased the proportion of women in its workforce by 5 points in 2023 compared with 2022, to 58%, and by 2 points, to 40%, in its management bodies<sup>2</sup>. Vivendi is delighted to have reached the

On the societal front, the Vivendi Foundation, created in August 2023 to promote access to culture for as many people as possible, has strengthened the Group's philanthropic commitment, which in 2023 benefited more than 30,000 people in 15 countries through more than 40 funded projects.

To carry out its mission, the Foundation offers programs based on two priority areas of intervention: access to culture and access to cultural professions. Vivendi Create Joy, Orphée and Canal+ University, pre-existing projects perfectly aligned with these priorities, are now included in the missions of the Vivendi Foundation, which will also be able to develop new programs and actions.

On January 30, 2024, telecommunications operator Free launched its new Freebox Ultra, which includes the Canal+ Live channel at no extra cost. This new offering is unique, and its durable integration into an operator's box is a first in the history of Canal+ Group.

On January 31, 2024, following approval from the French Competition Authority, Canal+ Group completed the acquisition of the OCS pay-TV package and Orange Studio, the film and series co-production subsidiary, from its historical partner Orange. The French Competition Authority authorized the transaction after a detailed analysis of its effects on the market and made it subject to compliance with several commitments given by Canal+ Group.

Following the recapitalization of Viaplay, the leading pay-TV operator in the Nordic countries, which was completed on February 9, 2024, Canal+ Group holds 29.33% of the company's capital and remains its largest shareholder.

Canal+ Group, MultiChoice Group's largest shareholder crossed the 35% threshold of the share capital of the company and announced on February 1,2024 that it had submitted to MultiChoice Group's Board of Directors a non-binding indicative offer (NBIO) to acquire all the issued ordinary shares of MultiChoice Group that it does not already own.

# Lagardère: double digit growth

In 2023, Lagardère's revenues were €8,081 million, up 16.6% as reported and up 14.0% at constant currency and perimeter compared to 2023. The difference between reported revenues and revenues at constant currency and perimeter was attributable to a -€83 million unfavorable currency effect and a positive scope effect of €242 million. Recurring EBIT (operating profit of fully consolidated companies) was €520 million in 2023, a strong increase of €82 million compared to 2022.

In 2023, Lagardère Publishing revenues were €2,809 million, up 2.2% as reported (up 1.9% at constant currency and perimeter) compared to 2022, in a generally lackluster environment.

Lagardère Publishing achieved strong revenue growth in its key markets in 2023.

In France, revenues grew by 6.1% compared to 2022, higher than the market growth. This strong performance was driven by the Illustrate Books segment which benefited in 2023 from the release of a new Asterix album, *L'Iris Blanc*, and an illustrated album, *Asterix & Obelix : L'Empire du Milieu*, as well as from a very successful year in the Young Adult Dark Romance segment. Literature also had a good year driven by a record-breaking performance for Le Livre de Poche as well as successful hardcover editorial releases such as *Son odeur après la pluie* by Cédric Sapin-Defour (Stock) and *Le Suppléant* by Prince Harry (Fayard).

Revenues in the United Kingdom were up 6.1%, due notably to bestsellers in the Trade Adult segment, both in fiction and non-fiction.

In Spain/Latin America, revenues were sharply up by +17.9%. In Spain, the Education segment experienced strong growth, benefiting from the peak of the national school reform.

In the United States, revenues were down 6.8% compared to 2022 in a declining market.

Recurring EBIT was €301 million, stable compared to 2022. Profitability remained at a high level of 10.7%, significantly higher than pre-Covid performances (9.2% in 2019) despite the Polaris project in France.

In 2023, **Lagardère Travel Retail** revenues were €5,018 million, up 27.8% and 23.4% at constant currency and perimeter compared to 2022.

In France, business continued to recover, with revenues up 15.9% due to robust sales at regional airports. Revenues in the EMEA region (excluding France) grew 26.6%, driven by the increase in international tourist traffic, excellent performances in Italy and Poland, and network expansion.

The Americas region continued to grow, with revenues increasing 16.3% compared to 2022 against an already high comparison basis, benefiting from a favorable local economic context, particularly in the United States, and the strong recovery of international traffic in Canada.

Asia-Pacific revenues were up sharply by 52.1%, from a low 2022 comparison basis in 2022 in the region, following the delayed reopening in China.

Recurring EBIT reached an all-time high of €245 million, up €109 million compared to 2022, with growth across all geographical regions. This performance was due to the increase in revenues combined with good margin control in a context of high inflation, government aid in the United States, and efficiency gains brought by the ramp-up of the LEaP operational efficiency plan.

In 2023, revenues **of the other activities** were €254 million, stable as reported (-3.3% at constant currency and perimeter) compared to 2022.

Radio revenues were down 8.3% compared to 2022 due to lower audience figures at the Radio unit, despite early signs of an uptick in listeners at Europe 1. Press revenues were down -9.4%, due to lower circulation. Revenues from the International "Elle" licenses were broadly stable compared to 2022.

Lagardère has received from the LVMH group an offer to acquire magazine title Paris Match. At its meeting of February 27, 2024, Lagardère's Board of Directors decided to enter into exclusive discussions with the LVMH group. The employee representative bodies would be consulted on the mooted disposal in due course.

Lagardère Live Entertainment revenues were up 8% compared to 2022 following a favorable comparison basis.

Recurring EBIT was -€26 million, a decrease of €26 million compared to 2022, due to the News division's activity and higher specific variable-rate financing costs for sales of trade receivables.

## Havas: one of the best performances in its sector

In 2023, Havas achieved another year of dynamic growth with net revenues<sup>5</sup> of €2,695 million, up 4.1% compared to 2022 (+4.4% at constant currency and perimeter), supported by its three divisions (Creative, Health & You and Media). This growth momentum strengthened in the fourth quarter of 2023, with net revenues of €776 million, up +4.3% compared to the fourth quarter of 2022 (+4.7% at constant currency and perimeter).

<sup>&</sup>lt;sup>5</sup> Net revenues, a non-GAAP measure, is calculated as Havas's revenues less pass-through costs rebilled to customers.

Acquisitions contributed to an increase of 1.9% and currency effects had a negative impact of 2.2%. All geographical regions recorded solid organic performances: Europe (+1.7%) and North America (+1.9%) were the largest contributors (84% of 2023 net revenues), recording very satisfactory organic growth. Asia-Pacific (+9.9%) and Latin America (+42.1%), which provided a less significant contribution, nonetheless experienced strong growth throughout the year.

Havas's revenues amounted to €2,872 million in 2023, up 3.9% compared to 2022 (+4.3% at constant currency and perimeter).

In 2023, EBITA reached €310 million, up 8.3%, due to sustained organic growth and a continued optimization of the cost base. The EBITA margin thereby reached 11.5% of net revenues, continuing a trend of steady growth in EBITA margin over last few years: from 10% in 2019 to 10.7% in 2021, 11.0% in 2022, and 11.5% in 2023.

Havas continued its strong dynamic of targeted acquisitions with ten new agencies joining the group in 2023. True to its entrepreneurial, creative and resolutely innovative approach, the group strengthened its position in strategic geographical regions and specific activities, with Uncommon, the UK's most awarded independent creative agency, *Pivot Roots* and *PR Pundit* in India, *HRZN* and *Eprofessional* in Germany, and *Noise* in Canada. *Australian Public Affairs* in Australia, *Cunha Vaz & Associados* in Portugal and *Klareco* in Singapore have also strengthened the international *H/Advisors* network, a leader in strategic communications. Finally, Havas has also invested in the United States with *Trinity Life Sciences*, a leader in global life sciences solutions.

In addition, during 2023, Havas has pursued the development of transforming solutions and forged important strategic partnerships with *Adobe*, a world leader in the development of cutting-edge software, *Mirakl*, the world's leading marketplace technology solution, and *Future4Care*, a major accelerator for e-health startups in Europe, to offer the very best technology to its customers and teams, and to anticipate changes in the sector.

Finally, Havas's agencies continued their business development by winning several new clients and brands both locally and globally. Their creativity was rewarded with nearly 1,400 awards around the world (see Appendix VI).

# Prisma Media: creation of an "luxury and interior decoration" division and strong growth in digital sales

For the fourth quarter of 2023, Prisma Media's revenues were €85 million, up 4.4% compared to the same period in 2022 with digital revenues growing by 14% (at comparable perimeter). Digital revenues represented 38% of total revenues in the fourth quarter of 2023 compared to 34% during the same period in 2022, driven by organic growth in digital advertising and the acquisition of the M6 Digital division which includes pure players such as Passeport Santé and Cuisine AZ.

In 2023, Prisma Media's revenues were €309 million, stable compared to 2022 excluding non-recurring items. Revenues were down 3.4% compared to 2022 due to certain non-recurring items which beneficially impacted revenue in 2022 and the impact of the sale of *Gala* magazine on November 21, 2023, as part of the combination between Vivendi and Lagardère and the remedies submitted to the European Commission.

At the end of November 2023, Prisma Media brands retained their leading positions in digital audiences (in terms of number of unique visitors): *Télé Loisirs* is No. 1 in the Entertainment segment, *Voici* is No. 1 in the People segment and *Femme Actuelle* remains No. 1 in the Women's segment, and Capital is the leading media site in the "Economy/Finance" category. With the acquisition of Passeport Santé and the development of Dr.GOOD!,

Prisma Media also becomes the leading bi-media health publisher, reaching over 23 million French people every month.

Following the launch of *Harper's Bazaar* at the beginning of the year, in July 2023, Prisma Media acquired a majority interest in *MilK*, a publisher of high-end interior decoration and fashion magazines. On November 30, 2023, Prisma Media acquired *Côté Maison* group, a publisher specializing in high-end interior decoration. These operations fully align with Prisma Media's strategy to build an ambitious luxury and interior decoration division.

In June 2023, Prisma Media and Mr Tan & Co, publisher of the famous comic strip *Mortelle Adèle*, launched *Mortelle Adèle le mag*, making its entry into the children's press segment (8-12 years). The magazine has already been a great success, selling an average of 50,000 copies in 2023, and has established itself as the number 1 children's magazine on newsstands.

At the end of September 2023, Prisma Media completed the acquisition of the assets of the M6 Digital Services division and created a division of purely digital players called "Digital Prisma Player". This division comprises six portals on everyday topics that attract almost 18 million unique visitors each month.

Prisma Media, which already generates nearly a third of its revenues from its digital activities, is the leading digital media group in France, reaching nearly 34 million French people each month. Digital affiliation (ecommerce) and advertising revenues on social media has grown by more than 30% compared to 2022.

On September 19, 2023, Prisma Media announced the launch of the PassPresse platform, which offers more than 200 titles. PassPresse enables readers to access content that is not available on other digital newsstands. Canal+ subscribers have access to this platform.

In 2023, Prisma Media's EBITA was €28 million, a decrease of €3 million compared to 2022. EBITA was impacted by the sale of the Gala magazine and the raw material costs stay remained high, particularly the increase of paper prices.

#### **Gameloft: continued diversification into multiplatform games**

In 2023, Gameloft's revenues were €311 million, down 2.6% at constant currency and perimeter compared to 2022.

Gameloft continued its diversification strategy around PC-Console-Mobile multiplatform games in 2023 with the release of *Disney Speedstorm* in April 2023, simultaneously on all PC and console platforms. *Disney Dreamlight Valley*, launched in September 2022 on PC and consoles, also continued to perform very well on the GaaS (Game as a Service) model with the launch of the game's first paid expansion in December 2023.

In 2023, PC/Console revenues represented 36% of Gameloft's total revenues, up 27.9% at constant currency and perimeter compared to 2022, and mobile revenues represented 56%.

Disney Dreamlight Valley, Asphalt 9: Legends, Disney Magic Kingdoms, March of Empires and Dragon Mania Legends represented 56% of Gameloft's revenues and ranked as the five best sellers in 2023.

In 2023, Gameloft's EBITA was €5 million. Excluding restructuring charges, EBITA was €10.6 million, compared to €12 million in 2022.

# Vivendi Village: strong performance of the ticketing and festival activities

In 2023, Vivendi Village's revenues were €180 million, compared to €238 million in 2022. This decrease was due to the cessation of its concert production activities (Olympia Production) at the end of 2022.

The ticketing and festivals activities generated revenues of €151 million, up 8.9% compared to 2022. Close to 44 million tickets were sold in Europe and the United States, compared to 39 million in 2022. The festivals, mainly in France and Great Britain attracted 400,000 people during the summer of 2023.

The sale process regarding the ticketing and festival activities is ongoing and should lead to an announcement over the next weeks. The concert halls in France (L'Olympia and the théâtre de l'Œuvre) are not part of this proposed sale, nor are the movie theaters in Africa (CanalOlympia), which are accounted for under the "generosity and solidarity" segment.

The Olympia, which celebrated its 130th anniversary in 2023, hosted a record 280 shows, attracting almost 500,000 spectators.

Vivendi Village's EBITA was €13 million compared to a loss of €6 million in 2022 (+26.3% at constant currency and perimeter) due to the stop of the concerts production activities at the end of 2022.

### **New Initiatives**

In 2023, New Initiatives, which mainly brings together Dailymotion and GVA entities, recorded revenues of €152 million, compared to €122 million in 2022 (+22.4% at constant currency and perimeter).

**GVA** is Vivendi's subsidiary dedicated to providing ultra-high-speed Internet access in Africa, thanks to its FTTH (fiber to the home) networks already installed in thirteen cities and eight countries in sub-Saharan Africa (Burkina Faso, Ivory Coast, Congo-Brazzaville, Democratic Republic of Congo, Gabon, Rwanda, Uganda and Togo).

Very high-speed Internet access offers are aimed at the residential and professional markets, under the "CanalBox" brand. By the end of 2023, CanalBox covered more than 2.7 million Homes Passed (eligible households and businesses).

In 2023, **Dailymotion**'s global audience reached a record level, growing 20% compared to 2022. In the fourth quarter of 2023, this growth was boosted by the signing of new partnerships, in particular with The Verge, The List and Vox in the United States, La Reforma and Telemetro in Latin America, Olympique de Marseille in France, El Independiente in Spain, and BQ Prime and Dailyhunt in India.

Between the launch of its new application in May 2023 and the end of December 2023, Dailymotion has attracted more than 600 new French creators, including Valinfood, French Startupper, Fabien Olicard, Jojol, Bruno Maltor and Athéna Sol, who have joined the platform in a wide range of verticals (sport, culture, music, gaming, technology, cooking, health, etc.), reinforcing its new positioning strategy to reach a wider audience, particularly among the younger generations.

Following the takeover of Lagardère by Vivendi on November 21, 2023, Lagardère has been fully consolidated in Vivendi's consolidated financial statements from December 1, 2023.

As a reminder, as from December 31, 2022, Editis was presented as a discontinued operation in accordance with IFRS 5 until June 21, 2023, the date on which Editis was deconsolidated in accordance with IFRS 10. On November 14, 2023, Vivendi completed the sale of Editis.

"Adjusted earnings before interest and income taxes (EBITA)" and "adjusted net income", both non-GAAP measures, should be considered in addition to, and not as a substitute for, other GAAP measures of operating and financial performance. Vivendi considers these to be relevant indicators for the Group's operating and financial performance. Vivendi's Management uses EBITA and adjusted net income for reporting, management and planning purposes because they exclude most non-recurring and non-operating items from the measurement of the business segments' performances. For any additional information, please refer to the "Financial Report and Audited Consolidated Financial Statements for the year ended December 31, 2023", which will be released online later on Vivendi's website (www.vivendi.com).
