

Call of Duty(R): World at War Downloadable Maps on the Way

SANTA MONICA, Calif., Feb 10, 2009 /PRNewswire-FirstCall via COMTEX News Network/ -- New conflicts are on the horizon for one of the most intense online multiplayer games of 2008, as Activision Publishing, Inc. (Nasdaq: ATVI) and developer Treyarch, announced plans today to release Call of Duty(R): World at War Map Pack 1. Due out in March, Call of Duty(R): World at War Map Pack 1 will take Xbox 360(TM), PLAYSTATION(R)3 computer entertainment system and Windows(R) PC fans to the streets of a war-ravaged Berlin in "Nightfire," deep into deadly jungles to attack fortified Japanese positions in "Knee Deep" and through a bombed out underground subway system in "Station." The Call of Duty(R): World at War Map Pack 1 will also expand upon the fan-favorite four-player co-op Nazi Zombie bonus mode with "Verruckt" (Zombie Asylum) - a fourth map that features more weapons, new Perks-a-Cola machines, electroshock defenses and endless, attacking legions of undead.

Cautionary Note Regarding Forward-looking Statements: Information in this press release that involves Activision Publishing's expectations, plans, intentions or strategies regarding the future are forward-looking statements that are not facts and involve a number of risks and uncertainties. Activision Publishing generally uses words such as "outlook", "will," "could," "would," "might," "remains," "to be," "plans," "believes", "may", "expects," "intends," "anticipates," "estimate," "future," "plan," "positioned," "potential," "project," "remain," "scheduled," "set to," "subject to," "upcoming" and similar expressions to help identify forward-looking statements. Factors that could cause Activision Publishing's actual future results to differ materially from those expressed in the forward-looking statements set forth in this release include, but are not limited to, sales of Activision Publishing's titles, shifts in consumer spending trends, the seasonal and cyclical nature of the interactive game market, Activision Publishing's ability to predict consumer preferences among competing hardware platforms (including next-generation hardware), declines in software pricing, product returns and price protection, product delays, retail acceptance of Activision Publishing's products, adoption rate and availability of new hardware and related software, industry competition, rapid changes in technology and industry standards, protection of proprietary rights, litigation against Activision Publishing, maintenance of relationships with key personnel, customers, vendors and third-party developers, domestic and international economic, financial and political conditions and policies, foreign exchange rates, integration of recent acquisitions and the identification of suitable future acquisition opportunities, Activision Publishing's success in integrating the operations of Activision Publishing and Vivendi Games in a timely manner, or at all, and the combined company's ability to realize the anticipated benefits and synergies of the transaction to the extent, or in the timeframe, anticipated. Other such factors include additional risk factors identified in Activision Blizzard's most recent annual report on Form 10-K and any subsequent quarterly reports on Form 10-Q. The forward-looking statements in this release are based upon information available to Activision Publishing and Activision Blizzard as of the date of this release, and neither Activision Publishing nor Activision Blizzard assumes any obligation to update any such forward-looking statements. Forward-looking statements believed to be true when made may ultimately prove to be incorrect. These statements are not guarantees of the future performance of Activision Publishing or Activision Blizzard and are subject to risks, uncertainties and other factors, some of which are beyond its control and may cause actual results to differ materially from current expectations.
