Glossary and Legal Disclaimer

GLOSSARY

The non-GAAP measures defined below should be considered in addition to, and not as a substitute for, other GAAP measures of operating and financial performance and Vivendi considers these to be relevant indicators of the group's operating and financial performance. Moreover, it should be noted that other companies may have different definitions and calculations for these indicators from Vivendi thereby affecting comparability.

△ **organic:** at constant currency and perimeter

Net revenues (Havas Group): correspond to revenues less pass-through costs rebilled to customers

Adjusted earnings before interest and income taxes (EBITA): corresponds to EBIT before the amortization of intangible assets acquired through business combinations and the impairment losses on goodwill and other intangibles acquired through business combinations.

Income from operations: corresponds to EBITA before share-based compensation costs, and other special items.

Adjusted net income (ANI) includes the following items: EBITA, income from non-operating equity affiliates, interest, income from investments, as well as taxes and non-controlling interests related to these items. It does not include the following items: the amortization of intangible assets acquired through business combinations and related to equity affiliates, the impairment losses on goodwill and other intangible assets acquired through business combinations, other income and charges related to transactions with shareowners, other financial charges and income, earnings from discontinued operations, provisions for income taxes and adjustments attributable to non-controlling interests, as well as non-recurring tax items (notably the changes in deferred tax assets pursuant to the Vivendi SA's tax group and Consolidated Global Profit Tax Systems).

Cash flow from operations (CFFO): Net cash provided by operating activities after capital expenditures net, dividends received from equity affiliates and unconsolidated companies and before income taxes paid.

Cash flow from operations after interest and income tax paid (CFAIT): Net cash provided by operating activities after capital expenditures net, dividends received from equity affiliates and unconsolidated companies, and after interests and income taxes paid.

Capital expenditures net (Capex net): Cash used for capital expenditures, net of proceeds from sales of property, plant and equipment, and intangible assets

Net financial debt / Net Cash Position: Sum of value of borrowings at amortized cost, less cash and cash equivalents, cash management financial assets as well as derivative financial instruments, net (assets and liabilities) whose underlying instruments are financial net debt items, and cash deposits backing borrowings.

The percentages of change are compared to the same period of the previous accounting year, unless otherwise stated. Due to rounding, numbers presented throughout this presentation may not add up precisely to the totals provided and percentages may not precisely reflect the absolute figures.
